

# Blessed

MercyMe

Walking on this road so long  
Still can't see the end  
Gotta put up a fight  
Ain't gonna lie  
When doubt starts creeping in  
Questioning every step  
Regretting all my mistakes  
But I can't forget without these steps  
I wouldn't be here today

Hallelujah  
Blessed, blessed  
For this journey I'm on  
Cause with every step  
Joy or stress  
Another step closer to home

Hallelujah  
Blessed, blessed  
For this journey I'm on  
Cause with every step  
Joy or stress  
Another step closer to home

What if  
It all has a place  
The ups and downs as well  
Until you see  
It's meant to be  
You're gonna keep telling yourself  
I should've walked a straighter line  
I could've made a better way  
But your line will never be straight enough  
So stumble on into grace  
Hallelujah  
Blessed, blessed  
For this journey I'm on  
Cause with every step  
Joy or stress  
Another step closer to home

Hallelujah  
Blessed, blessed  
For this journey I'm on  
Cause with every step  
Joy or stress  
Another step closer to home

Every season  
And moment  
My highest  
My Lowest  
Blessed, blessed, blessed  
Oh  
It all works  
Together  
For Your good

Forever  
Blessed, blessed, blessed  
Oh  
Blessed blessed  
For the journey, for the journey I'm on  
Whoa whoa  
Another step closer to home

Blessed, blessed  
For this journey I'm on  
Cause with every step  
Joy or stress  
Another step closer to home

Blessed, blessed  
For this journey I'm on  
Cause with every step  
Joy or stress  
Another step closer to home  
Another step closer  
Another step closer  
I said another step closer to home  
I said another step closer  
Another step closer  
Another step closer to home
