Most Important Thing

MercyMe

If I could only throw
One thing past your way
It'd be that you know
That Jesus loves you
If there was just one thing
That I could sing to you
It'd be that you know
That Jesus loves you

Well He's the most important thing yesterday
Well He's the most important thing to come
Well He's the most important thing today, yeah

Above all other things
This world has to give
There's just one thing that saves
'Cause Jesus loves you
Stop looking over time
For someone who will care
Is standing right beside you
'Cause Jesus loves you

Well He's the most important thing yesterday
Well He's the most important thing to come
Well He's the most important thing today, yeah

Just give your heart to Him
And let Him do great things
So that we all can say
Jesus, we love you
Jesus, we love you
Jesus, we love you
Jesus, we love you

Well He's the most important thing yesterday
Well He's the most important thing to come
Well He's the most important thing today, yeah
