

## Never The Less

MercyMe

So tell me, what's a man like You  
Doing in a place like this?  
How can You see any kind of hope  
Through all of this mess?

We've tuned You out in every way  
And found the truth is whatever that we say  
Your sovereign plan we've dismissed  
And sealed it all with a kiss  
So let me ask You again  
What's a man like You  
Doing in a place like this?

Nevertheless, You've hear our cries  
You've sacrificed  
Your name has been glorified  
Our sins confessed, our faith addressed  
You've saved us nevertheless

Oh, the mess we've made  
And oh, the price You've paid

Why do You love us? Why show Your face?  
When we're unfaithful You still have faith  
What is it that You see in us?  
That keeps You from saying 'that's enough'  
Oh, Your amazing grace

Nevertheless, You've hear our cries  
You've sacrificed  
Your name has been glorified  
Our sins confessed, our faith addressed  
You've saved us nevertheless

If my people called by my name  
If they will humble themselves and pray  
And seek my face and turn from their sins  
Oh, I will hear and forgive them  
Nevertheless

And how precious is the throne  
That makes me white as snow  
Ooh, that I know  
Nothing but the blood of Jesus  
Nothing but the blood  
Nothing but
