

## Table 4 2

MercyMe

Day after day at a table by myself  
I wave 'hello' to the world as it passes by  
Scratching my chin for the meaning of meaning  
Who? What? Where? When and why?

But then You introduce Yourself to me  
Your offer I could not believe  
And then I looked into Your eyes  
And suddenly realized  
That my days of sitting alone are through  
From now on I'll have a table for two

Spending my life trying to find my place  
Come to find out, I've got no reservations  
Slipping my way through an open back door  
Come to find out that all the seats are taken

Then You introduce Yourself to me  
Your offer I could not believe  
And then I looked into Your eyes  
And suddenly realized  
That my days of sitting alone are through  
From now on I'll have a table for two

Then You introduce Yourself to me  
Your offer I could not believe  
And then I looked into Your eyes  
And suddenly realized  
That my days of sitting alone are through  
From now on I'll have a table for two  
A table for two, yeah, yeah, yeah  
Ba-dee-beep-ba-boo!  
Boo-boo-doo-maa-ba-dee-ba-boo!  
Yeah, yeah, yeah
