Anesthesia

Mereba

I'm your anesthesia
I know what you're knocking for
Cause you need more

I'm your anesthesia
You get high above my floor
Until you snore

When she cuts you like a knife
When she cuts you- cuts you-
Cuts you like a knife
You come over around nine
Now you're feeling all right
From your anesthesia (Yeah, yea)

I'm your anesthesia
Funny how what sets you free
Can make you bleed (Yeah, yea, yeah)

And I can't say I need ya
'Cause this good lord knows you need me
Now you're my fiend (yea, yea)

When she cuts you like a knife
When she cuts you- cuts you-
Cuts you like a knife
You come over around nine
Now you're feeling all right
Cause your anesthesia
Yeah yeah yeah yeah yeah yeah

Cause your anesthesia
Blame it on yourself
Blame it on yourself yeah

Cause your anesthesia
Yeah yeah yeah woah woah
Cause your anesthesia
Blame it on yourself
Blame it on yourself
Cause your anesthesia
