

Aye

Mereba

Aye, aye, it's a war like every day
Keep my gold up in my safe
They won't bring me to my knees
Got me fucked up
Got my bucks up
With my chucks on
And my blunt tucked

Aye, aye, it's a war like every day
Defeat spread like a disease
I need peace, I need trees
Got me fucked up
Got my bucks up
With my chucks on
And my blunt tucked

I'm tryna master peace
Please don't you disturb me
Your weapons can't hurt me
My essence is shot-proof
Bought the lies they sold you
Just 'cause you was told to
I'ma keep my own truth
In my mouth like gold tooth

Aye, aye, it's a war like every day
Keep my gold up in my safe
They won't bring me to my knees
Got me fucked up
Got my bucks up
With my chucks on
And my blunt tucked

Aye, aye, it's a war like every day
Defeat spread like a disease
I need peace, I need trees
Got me fucked up
Got my bucks up
With my chucks on
And my blunt tucked

There are buds on my fingertips growing beautiful things
There are thieves on my pillow plucking my peace while I sleep
I got armor inside
I see snakes 'fore they jump
I got ancestral ties
We could knuck if you buck
Boom boom boom, boom boom boom
I keep some bass in my trunk
So keep your eyes on my plays
Like a P.O. kept eyes on my case
Don't make me pop the briefcase
Don't make me swap the sweet face
I'm nonviolent, it's a crime if you get close to my safe though
Slow ya pace

Aye, aye, it's a war like every day

Keep my gold up in my safe
They won't bring me to my knees
Got me fucked up
Got my bucks up
With my chucks on
And my blunt tucked

Aye, aye, it's a war like every day
Defeat spread like a disease
I need peace, I need trees
Got me fucked up
Got my bucks up
With my chucks on
And my blunt tucked

I'm a warrior, warrior, warrior, yeah
I got warrior, warrior, warrior blood
It's a war in here, war in here, war in here
Sharpen sword in here
Grow my soul in here
Catch the glow in here

I'm a warrior, warrior, warrior, yeah (I'm a warrior, yeah)
I got warrior, warrior, warrior blood (This is warrior blood)
It's a war in here, war in here, war in here
Sharpen sword in here (Oh, sharpen my sword, sharpen sword)
Grow my soul in here, catch the glow in here

I'm a warrior, warrior, warrior, yeah (They won't bring me to my knees)
I got warrior, warrior, warrior blood ('Cause this is warrior warrior warrior blood)
It's a war in here, war in here, war in here (Every day, like every day)
Sharpen sword in here
Grow my soul in here (But I'm a warrior, yeah)
Catch the glow in here

I'm a warrior, warrior, warrior, yeah (And you're a warrior yeah)
I got warrior, warrior, warrior blood (And we are warriors yes)
It's a war in here, war in here, war in here
Sharpen sword in here
Grow my soul in here
Catch the glow in here

This is warrior blood
Oh I, oh I
They won't bring me to my knees
'Cause this is warrior warrior warrior blood
