

Beretta

Mereba

[Intro]

Never felt a love like this one (Never felt a love like this one)
I'll be stayin' put on this one (I'll be stayin' put on this one)
'Cause you see the parts of me
No other heart can see, so
I would win a war for this one (I would win a war)
'Cause it's love

[Chorus]

It's you and me together
Baby boy, let's stick up the world for this cheddar
I'm the getaway, and you are the Beretta
We are renegades, the blood of the brave in our DNA
It's you and me together
Baby boy, let's stick up the world for this cheddar
I'm the getaway, and you are the Beretta
We are renegades, the blood of the brave in our DNA

[Bridge]

I'll be engine if you'll be carburetor (Yeah)
I'll be ocean if you gon' be my sailor (Mm, yeah)
I'll ride your ride if you'll be operator (Mm, ayy)
Either ride or die or don't do me no favors (Mm, yeah-yeah)
I'll be engine if you'll be carburetor (Mm, yeah-yeah)
I'll be ocean if you gon' be my sailor (Yeah-yeah, uh, yeah)
I'll ride your ride if you'll be operator (Ayy, ayy, ayy)
Either ride or die or don't do me no favors (Ayy, ayy, ayy)

[Verse]

If this ink could seep into your cerebellum
I would so eloquently scribe my feelings unto thee
So that you would never not remember
But let me see, if the way I feel for you (Yeah)
Is reciprocated too
I've been slighted before, blind-sighted before, there's war
Outside my door, please, don't tell me there's more (Yeah, yeah, yeah)
Look at the score
Split our hearts since we pushed off the shore
Reassure me that you're sure
And your intentions are pure and it's

[Chorus]

It's you and me together
Baby boy, let's stick up the world for this cheddar
I'm the getaway, and you are the Beretta
We are renegades, the blood of the brave in our DNA
It's you and me together
Baby boy, let's stick up the world for this cheddar (If you're down to ride)
I'm the getaway, and you are the Beretta (Oh, baby)
We are renegades, the blood of the brave in our DNA (Are you down, are you down?)

It's you and me together (I won't leave your side)
Baby boy, let's stick up the world for this cheddar (No I won't leave your side)
I'm the getaway, and you are the Beretta (Oh, It)
We are renegades, the blood of the brave in our DNA (I know you're down to ride)

ide)

It's you and me together

Baby boy, let's stick up the world for this cheddar

I'm the getaway, and you are the Beretta ([?])

We are renegades, the blood of the brave in our DNA

[Outro]

Ooh, woah (Ooh woah)

Ooh, oh

Mm-hmm, ooh nah
