

# Highway 10

Mereba

Ooooh, doo, doo

I got my heart back  
What can I say?  
You did a number  
On me that way, I had to bounce back  
Clear out some space, yeah  
Said you were down to ride  
You were never down to ride for me (ooh)  
Now I'm in my ride, going 85, baby, for free

Highway 10, never see you again  
Leaving you in the rearview mirror  
Highway 10, leave the city in the rearview mirror, yeah, yeah  
Highway 10, never see you again  
Leaving you in the rearview mirror (Yeah)  
Highway 10, leave the city in the rearview mirror, yeah, yeah

I got my car, babe  
What can I say, I've always been a...  
Loner that way, the Rolling Stoner  
I'll be on my way  
Said you were down to ride  
Funny, never saw you riding for me  
(Never saw you, never saw you, never saw you)  
I was down to ride, [?] leep off a cliff in a speed

Highway 10, never see you again  
Leaving you in the rearview mirror  
Highway 10, leave the city in the rearview mirror, yeah, yeah  
Highway 10, never see you again  
Leaving you in the rearview mirror (Yeah)  
(Never saw you, never saw you, never saw you)  
Highway 10, leave the city in the rearview mirror, yeah, yeah

Highway, highway  
Gonna take the highway  
Oh I gotta, gotta go  
Got to, gotta go  
Gonna take the highway  
Run away, never find me  
Gonna take the highway  
Run away, never find me  
You made me do  
I hear it calling  
Gonna take the highway  
Highway, highway, highway, high, high, high  
Gonna take the highway  
Run away, never find me  
Gonna take the highway  
Run away, never find me  
Gotta go, gotta go, gotta go  
You'll never find me
