

# White Doves

Mereba

I'm only human  
I was just searching for a real person  
To give love to  
Oh, the game left me jaded  
Baby, please  
If you're looking for a little something more

My love  
Yeah, you seem super sweet, but you need what's good for you  
Not drugs  
You might feel like a fiend 'cause it's pure when it's cut, yeah  
So what's up?  
If you call me, you know I'm up, and it's all love  
White doves  
Every time that you come around, I see white doves, oh (R-I-P if you \*\*\*\* with me)  
Every time that you come around, I see white doves, oh (R-I-P if you \*\*\*\* with me)  
Every time that you come around, I see white doves

And I know I'm teasing right (Before you come back for more)  
You know I'm healing right (I'm not the same as before)  
So before you drive fast all the way 'cross town  
Please pick up what I'm putting down  
'Cause I can get evil, yeah (Good girl gone bad just like Ri)  
You're a sweetie pie (Ready for love, Ms. Arie)  
So if we meet tonight (I'll let what is just be)  
I know you seen 'em, right? (White doves surround me)
