

# Wild Sky

Mereba

No you cannot bait me  
Into that conversation  
Played it out, impatient  
I want the insatiable  
Lead me to the real  
Drought, I need oasis  
Deep like the crustaceans  
Let's go somewhere spacious

Honey, oh, my dear  
I wonder  
How we sleep at night  
Honey, oh, my dear  
Do you wonder, mmh  
Is there more to life than

Money, cars, fast speeds  
Flashing bright lenses  
Look up at the wild sky  
Ain't there more to, more to life?  
You're a peon, I am supreme  
Both break, both bleed  
Look up at the wild sky  
Ain't there more to, more to life?

Look up at the wild sky  
More to life
