

# Supernova

Meredith Andrews

The dark won't understand  
The new thing You're doing  
Illuminate our hearts  
To see how You're moving

Always in Your plan  
From the very beginning  
No shadow could deny  
Nothing can stay hidden

The light, the light is taking over  
Taking over, taking over  
And it's like, yeah, it's like a supernova  
Supernova, supernova  
Hearts are turning  
A fire burning  
The vision now is clear  
The light, the light is taking over  
Taking over, taking over

Creation's longing for  
A holy revealing  
Your daughters and Your sons  
Running in freedom

We're dancing in the streets  
It's more than just a feeling  
The Spirit wild and free  
And we won't contain it

The light, the light is taking over  
Taking over, taking over  
And it's like, yeah, it's like a supernova  
Supernova, supernova  
Hearts are turning  
A fire burning  
The vision now is clear  
The light, the light is taking over  
Taking over, taking over

This little light of mine  
Gonna let it it shine  
I was never meant to hide it  
This little of mine  
Gonna let it it shine  
I was never meant to hide

The light, the light is taking over  
Taking over, taking over  
And it's like, it's like a supernova  
Supernova, supernova  
Hearts are turning  
A fire burning  
The vision now is clear  
The light, the light is taking over  
Taking over, taking over
