

I'm feelin' brand new, Rollie on my wrist got me feelin' brand new  
Just went and got some drip, now I'm feelin' brand new  
Pour it out and take a sip till I'm feelin' brand new  
I'm feelin' brand new, I'm feelin' brand new  
I'm feelin' brand new, Rollie on my wrist got me feelin' brand new  
Just went and got some drip, now I'm feelin' brand new  
Pour it out and take a sip till I'm feelin' brand new  
I'm feelin' brand new, I'm feelin' brand new

I'm goin' on a trip, got a crib in Cancun  
Go drop twenty on my friends when they in a bad mood  
Dog, it is what it is, shawty said I'm that dude  
I cover up my pain with these scars and tattoos  
Just smoked a whole zip, swear to God I can't move  
Allergic to the drama, when I see it "ahhtchoo"  
Told her get the steak and lobster  
She don't fuck with fast food, the Louis or the Gucci  
Buy em' both, she can't choose  
Now we on a PJ in our PJS  
Everywhere we go she takin' pictures for some keepsake  
Crib so big that we won't see each other when we need space  
We can't even tell apart the weekends from the week days

I'm feelin' brand new, Rollie on my wrist got me feelin' brand new  
Just went and got some drip, now I'm feelin' brand new  
Pour it out and take a sip till I'm feelin' brand new  
I'm feelin' brand new, I'm feelin' brand new  
I'm feelin' brand new, Rollie on my wrist got me feelin' brand new  
Just went and got some drip, now I'm feelin' brand new  
Pour it out and take a sip till I'm feelin' brand new  
I'm feelin' brand new, I'm feelin' brand new

First I manifest it, then I bring it to the light  
All the sudden all my ops keep tryna hit me for advice  
I go out there and get it, I don't think about it twice  
Y'all can not compare the shit I've been thru in my life  
But thankfully I reap all the rewards now  
World tours sold out, bottles getting poured out  
Used to have to knock, I'm fuckin' knockin' down the doors now  
If you in your feelings, that's some shit you need to sort out  
I'm feelin' real brand new in this bitch  
I've been livin' my best life, I could get used to this shit  
Two in the clip, pull the trigger, when I shoot I don't miss  
I'm the first one in my city out here movin' like this, I'm brand new

Rollie on my wrist got me feelin' brand new  
Just went and got some drip, now I'm feelin' brand new  
Pour it out and take a sip till I'm feelin' brand new  
I'm feelin' brand new, I'm feelin' brand new  
I'm feelin' brand new, Rollie on my wrist got me feelin' brand new  
Just went and got some drip, now I'm feelin' brand new  
Pour it out and take a sip till I'm feelin' brand new  
I'm feelin' brand new, I'm feelin' brand new
