

You play my heartstrings like a violin girl  
Say you don't want me but I can't relate no  
Told me you love me why you acting hateful  
Swear you the devil thought you were an angel

Stab me in the back  
But please don't let the blade pierce my heart  
I know that I broke your trust  
I know it's my fault  
I tried to drown my demons in a bottle  
I act like I'm ok but I feel awful

You play my heartstrings like a violin girl  
Say you don't want me but I can't relate no  
Told me you love me why you acting hateful  
Swear you the devil thought you were an angel

I feel like you hate me I ain't been so sober nowadays  
I'm on like day 3  
I ain't never home I'm MIA  
Smoke a half a zip of gas and take this 40 to my face bae  
Me and all these substances should go our separate ways bae  
She play my heartstrings like acoustic guitar  
When I look you in your eyes all I do is get lost  
You ain't like these other women baby you are a star  
Every time I think I'm right she end up proving me wrong yeah  
I cut you deep and left an open scar  
You get me high cause that's how dope you are  
I live my life like I got no tomorrow  
I'mma pick up all these pieces to your broken heart girl

You play my heartstrings like a violin girl  
Say you don't want me but I can't relate no  
Told me you love me why you acting hateful  
Swear you the devil thought you were an angel

You play my heartstrings like a violin girl  
Say you don't want me but I can't relate no  
You play my heartstrings like a violin girl  
Say you don't want me...
