

I'm Here

Merkules

(Sheesh)

[?] my friends
But no one that you know goes harder than this
I don't think that you know what confidence is
Had to go cop a pull to cleanse all of my sins (woo)
Yeah I will go dummy, I just eat these beats
And I get so chubby I've been going hard since a kid like Cudi
Was a bad boy, now I got a crib like Puffy (sheesh)
Got 'em mad as fuck
I had to get a money counter just to add it up
Now my lifestyle's lavish, I'm platinum plus
In your girlfriend's captions, she's tagging us
You don't need ID when you VIP
Tell Drake that I should've been on CLB
I just blew twenty bands at the VLTs
Then I flew out to Spain for some TLC (too nice)
Despite what you thought
I'm the best in my city you like it or not
I just ran into Sway on a flight to New York
And I pulled up and killed this shit right on the spot (ouch)
I must have hurt your ego
I heard a rumor, Big Merk's in beast mode
I was drinking forties on the curb like Deebo
Now my competition's tryna search for a cheat code

Yeah I been going hard all year
I ain't scared to go the distance, only God I fear for real
I made it through those long nightmares
Now I'm chilling at the top, like yeah
Bitch I'm here
Yeah I been going hard all year
I ain't scared to go the distance, only God I fear for real
I made it through those long nightmares
Now I'm chilling at the top, like yeah
Bitch I'm here

Maybe I'm tripping
But it looks to me like you hate that I'm winning
Put on for my city, I'm breaking a stigma
My haters are making my table a dinner
I came from a place with the craziest winners
So that's what I mean when I say that I'm chilling
I'm able, I'm willing to straight-up just kill 'em
I'm covered in scars, I'm the face of the villains
I made a decision to take what I'm giving
I don't need a scope 'cause I aim with precision
The same for beginners, I'm painting a picture
I'm saying I'm putting my pain in these scriptures
The fame is addicting, I can't let it get me
But one day they'll all say my name like I'm Biggie
It's crazy how petty these lames in my city
They call me when the situation gets sticky
I just shut off my phone when I make my first milli
My heart's turning cold 'cause my chain is so chilly
I'm selling these shows out from Vegas to Philly
The money keep coming, it's making me itchy

Bulletproof vest on the stage like I'm Fifty
Just got off a plane in LA playing nipsey
Came a long way from a plate full of kimchi
To dripping so crazy they payment is slippery, Merk

Yeah I been going hard all year
I ain't scared to go the distance, only God I fear for real
I made it through those long nightmares
Now I'm chilling at the top, like yeah
