

# On The Road

Merkules

[Grotesque:] Ey yo what up Hop?  
[Hopsin:] What up?  
[Grotesque:] Shit, just chillin' here with Merkules  
[Hopsin:] Oh aight, what up?  
[Merkules] What's good homie?  
[Grotesque:] Ey you remember I used to tell you about that girl the other day? I was just telling him the same shit  
[Hopsin:] Nah what you talking about?  
[Grotesque:] Uh, Man, I.. I don't even know, man  
[Hopsin:] What! I don't know, I don't know where to start  
[Corbett:] Yo, Grotesque  
[Grotesque:] Hey what up, Corbett  
[Corbett:] Let's get it  
[Grotesque:] Aight

She thinks that I'm tellin' her lies  
And I know that she don't believe  
One day, we're doin' just fine  
And the next day she wanna leave  
And I can't take one more fight  
Yo this ain't it's s'pposed to be  
And she can't take one more night  
On a road to these hopeless dreams

She mad 'cause I'm about to do a show again  
The cars loaded then  
Gettin' jealous 'cause these groupies always showing in  
Infection toys, my music in the recession for  
What I do, is gotta second guessing, these attention whores  
And more than that, I can't finish the sentence  
Nor I cannot get through the door with no fuckin' questions  
Lord, I feel the intention's sword  
These girls nuts, she think I'm about to fuck all these sluts I never met before  
This whole time I been paying shit no mind  
I'm so blind, feels like every one I know died  
My cold rhymes are battle cries like Roll Tide  
Control time and keep my eyes on the goal line  
Meanwhile she tells me not to focus much  
Knowin' damn well that I do it for the both of us  
I put my heart in every track that I open up  
And it's kinda bogus that we closest when we broken up

She thinks that I'm tellin' her lies  
And I know that she don't believe  
One day, we're doin' just fine  
And the next day she wanna leave  
And I can't take one more fight  
Yo, this ain't how it's s'pposed to be  
And she can't take one more night  
On a road to these hopeless dreams

There was a chick I put my life on the line for  
Beautiful black hair and her height was like five-four  
Her smile was nice more than you wild, one night whore  
Problem was, she would get all violent when I tour  
Acting as if I wasn't trustworthy

And all I do is drive, perform, go to sleep and get up early  
I'm knowing that groupies a blood thirsty  
And she did too, she thought I was cheating, that's what the fuck hurts me  
That year had a painful summer  
When I finally arrived back home, the bitch had changed her number  
'Til this day this shit remains a bummer  
I think and wonder why would she do that to someone who would aim to love her?  
I don't know, that's just how chicks act  
So through my successes, how I'll get back  
I don't like talking about this crap, I get emotional and shit  
And my stomach starts hurting, man, I hope I don't get sick  
Yo

She thinks that I'm tellin' her lies  
And I know that she don't believe  
One day, we're doin' just fine  
And the next day she wanna leave  
And I can't take one more fight  
Yo this ain't how it's s'pposed to be  
And she can't take one more night  
On a road to these hopeless dreams

It was a blessing, no question that we fell In love  
And now she's acting like I played her and I set her up  
I know I haven't been home much, and I bet it's tough  
But you keep acting like I'm someone you could never trust  
I let her cuss and brush it off like it didn't happen  
It's crazy what a chick'll do to you to get reactions  
Second guessing me and calling me a liar  
I been wit' you since my name was at the bottom of the flyer  
So keep it up, and you could get what you ask for  
I didn't do shit now, now you think I'm an asshole  
Who raps, gets paid, sip liquors, and tag toes  
Well that shit's played, so just quit it and have hope  
All my fans online think she's using me  
What can I say, this shit is not the way it used to be  
And as stupid as a human, I need room to breathe  
Usually I lose it, but it something that she do to me

She thinks that I'm tellin' her lies  
And I know that she don't believe  
One day, we're doin' just fine  
And the next day she wanna leave  
And I can't take one more fight  
Yo this ain't how it's s'pposed to be  
And she can't take one more night  
On a road to these hopeless dreams
