

Shape Of You

Merkules

I'm in love with the shape of you
I'm in love with the things you do
I'm in love with the way you move
I'm in love with the shape of you

I'm in love with the shape of you
I'm in love with the things you do
I'm in love with the way you move
I'm in love with the shape of you

Look at me tryna sing that shit, Merkules, Stomp Down Killaz Ed Sheeran remi
x
Let's go

I said hold up, hold up for a minute
I said hold up, hold up for a minute
Hold up for a minute
One two, one two, one two
Alright, fuck it I'm going in

I never said I'm the nicest guy in the world
But I'd rather die for my girl I'mma buy her diamonds and pearls
And that don't mean that she's materialistic
I know she fell in love with me 'cause I'm a lyrical misfit
We steerin' the whip in the sunshine, Ed Sheeran is singing
He's sayin' "I'm in love with the shape of you"
But it's not just that though
It's also the way you move
I'm thinking, we should get a drink, roll a blunt by the water
This ain't your average girl man, it's somebody's daughter
I overheard you complaining 'bout them guys you met
And how they fuck up every time and claim they tried their best
That's until they realize and tryna cry through text
If I seen em in person, I put those guys in check
I know no one is perfect, I don't think I'm the best
But I'mma someone you can call up and rely on, yes
But I got a lil' problem I was hoping you can help
It's 10:30 right now I got a show to do at 12
And I need some company or I'll be goin by myself
The promoter just called and said "The venue sellin' out"
Let's go

I'm in love with the shape of you
I'm in love with the things you do
I'm in love with the way you move
I'm in love with the shape of you

Hold up, hold up for a minute
I said hold up, hold up for a minute
I said hold up, hold up for a minute
Damn girl, hold up for a minute

I'm in love with the shape of you
I'm in love with the things you do
I'm in love with the way you move
I'm in love with the shape of you

I hope you see that I'm a different kind of person
Just spend a night with me and you figure out it's worth it
I wanna know your feelings, I'mma dig beneath the surface
I listen 'cause I care, everything is for a purpose
But I don't care about your flaws
In my world they don't exist, every time we argue now, we just learn from it
and quit
Instead of yelling back and forth or even stirrin' up this shit I'd rather s
moke a blunt instead
You're my girl, not my bitch
Anytime you feeling lonely 'cause I'm not there I'm on tour
And you got a question call me I'll be honest, that's for sure
I'm making profit when I come home, let's leave all aboard
On a flight across the world, drinking liquor on the shore
'Til we wake up the next day and don't remember shit
But we still got each other, so let's go and do it again
If you still getting ready, that's fine, I'mma wait for you
Cause I'm in love with the shape of you

Yo, I'mma be completely honest I was gonna put the chorus here
But then I notice it was just mad awkward cause it was just a bunch of clapp
in' and shit
And I'mma bigger dude so I probably need time to catch my breath anyway, so
uh

I'm in love with the shape of you
I'm in love with the things you do
I'm in love with the way you move
I'm in love with the shape of you

Hold up, hold up for a minute
I said hold up, hold up for a minute
I said hold up, hold up for a minute
We can roll blunts on the shitter

Naah, I'm just playin man
This one was really weird for me
I have never done anything like this before, so
It is what it is
