

## Sorrows

Merkules

I'm running around feeling lost in my mind  
Got these demons on my back and I don't know if I'm fine  
Taking time to myself, but find myself in the dark  
It's hard to smile through all the pain and all the stress in my heart  
t yeah

I'm sipping the bottle  
So twisted I'm hitting the throttle  
Dipping the Benz with a bad one  
I'm smashing this bitch is a model yeah  
My life's fast, I like that yeah  
Throw big stacks, get right back yeah

But still I feel like sinning when all my wheels be spinning  
Money on my mind and pussy in my hand, I feel for women  
Never will it stop though, I don't really want hoes  
I be on my grind and I'm just out here trying to clock doe

(Yeah) I'm fighting just to free my sorrow  
(Yeah) And what if I don't see tomorrow  
(Woah oh) I'm living everyday like my last though  
(Woah oh) And leaving all my pain in the past so

(Yeah) I'm fighting just to free my sorrow  
(Yeah) And what if I don't see tomorrow  
(Woah oh) I'm living everyday like my last though  
(Woah oh) And leaving all my pain in the past so

I'm losing control and I don't know why  
It's like I been getting fucked up my whole life  
I did this on my own, don't need to co-sign  
I had to go through the lows and now I'm so high  
Just took my hand off the wheel, I'm trying to ghost ride  
I had to tell myself I'd get there in no time  
Won't focus on the fuck shit, I don't know what love is  
Had to buy a bracelet just to cover up these cut wrists  
Drunk as fuck in public, I could never trust friends  
I've been on a drug binge, I've been on the cusp since  
Please save me from myself  
I'm going crazy, I need help

(Yeah) I'm fighting just to free my sorrow  
(Yeah) And what if I don't see tomorrow  
(Woah oh) I'm living everyday like my last though  
(Woah oh) And leaving all my pain in the past so

(Yeah) I'm fighting just to free my sorrow  
(Yeah) And what if I don't see tomorrow  
(Woah oh) I'm living everyday like my last though  
(Woah oh) And leaving all my pain in the past so
