

## SWISH

## Merkules

Big Merk, Insane Clown Posse (She plays it)  
Shaggy on the beat (Pull up like swish, swish, swish)  
RIP Travis, OG's forever (She plays it)  
Sheesh (Pull up like swish)

How the fuck can you hate on this?  
You just mad 'cause your girlfriend plays our shit  
No debate, you a straight-up bitch  
I'ma pull up to the motherfucking game like swish

Brand new crib, got a house out of a Venice  
Though these groupies want me going in they mouth like a dentist  
I'm chilling home alone on the couch like I'm Dennis  
Rolling pounds of the lettuce, on my hound I'm a menace  
I'm in a new coupe, no roof, whoop whoop  
And I'm gigantic with the titanic, no crew shit  
I made 'em look like Nas, who's shootin'?  
I'm Eazy E in 1993, too ruthless  
Ooh, you hear the bed frame squeakin'  
Life is a bitch, and her head game freakish  
I don't wanna hang out the next day, beat it  
Shorty know I'm dough boy, fresh like Three 6  
Shout out to my Juggalo fam  
I've been shooting blindfolded with a gun in both hands  
No matter what, it won't jam, 'cause I'ma fuckin' go ham  
Cherry Faygo in my cup, watch me chug it all down  
We ain't the same, others came, and I conquer  
We talkin' top fives, and my name's on the roster  
A beast, I'm a freak that'll fake you imposters  
I drank all the vodka and chased it with Monster  
Fuck all the bullshit, I don't need a Grammy  
I've been doing mushrooms on a boat in Miami (Oops)  
I'm violent like J, too dope like I'm Shaggy  
My shit's more pure than some coke in a baggy, Merk

How the fuck can you hate on this?

Bed squeak, bed squeak  
Violent J the Duke with a dead freak (Yeah)  
Bitch made me goop on the bed sheet  
Fucked her with a shoe and a Pepsi (Uh)  
Me and Merk poppin' percs gettin' twerked on

Now our dicks gettin' worked by the third song  
She dropped her thong, but our dicks King Kong  
We smacked her head around with a bing ping pong  
Wing wong walla walla brrrah, Ryda  
Juggalo, stuff an old shank inside ya  
Cut your head off, cut off your nuts  
Stick 'em in your mouth, boot your jaw shut  
I'm in this bitch with Merk  
My switchblade stick, bitches gon' squirt  
It might not hurt, but it's gon' work  
Put your bitch ass in a ditch in the dirt  
Who wanna twerk with Mr. Happy?  
Hide your face 'cause my hand feels slappy  
I wanna pour Faygo in your neder hole  
And hit it and hit it until it explode  
Me and Merkules, certain G's  
I'd tell you to bob, but don't hurt your knees  
T-shirt wetters, experts with ease  
And every time we meet, we blow purple trees

How the fuck can you hate on this?

Your bitch has dreams about my dick  
Your bitch wants my cream up on her tits  
Your bitch wants me to beat up on her clit  
I don't think about your bitch, though, your bitch ain't shit  
I could get up on a track, I could flip it super fast  
And on the next line, I can drag ass  
I can spit it how ya like it  
But I ain't doing that, so fuck all of that  
You say Shaggy don't slap, and my hands are slaphappy  
Slap you on your ass cheeks, they call me Shagnasty  
It's just how it has to be, I cap both knees  
Take your wife out to Applebees, a bitch is the appeteez  
Your mama don't be liking me because the way I speak  
If I get her all alone, I bet I'd get in balls deep  
She the freak of the week, she a freak in the sheets  
I have her licking my ass  
Have her take out her teeth, her head game is weak  
She fiddle my scrotum sack  
Your bitch 'bout to give up on your ass  
Your bitch into giving me your cash  
Your bitch sinful, she make my dick splash  
I done turned your bitch out, now she out on the track
