

Down At The End Of The Road

Merle Haggard

I was looking for a place to hang my hat
And a place to lay me down my heavy load
I found it in the woods, in the cabin on the hill
Down at the end of the road

We were looking for a place to raise a child
'Cause she'd soon be giving birth, the one that showed
And we found it in the woods, in the cabin on the hill
Down at the end of the road

Down at the end of the road
Down at the end of an old country road
We found what we needed for the family we would raise
Down at the end of the road

A girl was born, December 23rd
Just one day short of Christmas Eve
And through the years we tried to move many different times
But we landed on the place we couldn't leave

So we prayed to God that we might have a son
And he was born December '92
And we keep lookin' for a place to move away, move away
But leavin' was a thing we couldn't do

20 years flew by like 20 days
And the blessings grew from the initial seed we'd sown
Our kids will soon be leavin' now
They'll leave us here behind
Down at the end of the road

Down at the end of the road
Down at the end of an old country road
We found what we needed for the family we would raise
Down at the end of the road
