

# Going Where The Lonely Go

Merle Haggard

Rollin' with the flow  
Goin' where the lonely go  
Anywhere the lights are low  
Goin' where the lonely go

Makin' up things to do  
Not runnin' in all directions  
Trying to find you  
I'm just rollin' with the flow  
Goin' where the lonely go

And I've got to keep rollin'  
I can't lay down  
Sleep won't hardly come  
When there's loneliness all around  
I've got to keep goin'  
Travelin' down this lonesome road  
I'll be rollin' with the flow  
Goin' where the lonely go

I've got to keep rollin'  
I can't lay down  
Sleep won't hardly come  
When there's loneliness all around  
I've got to keep goin'  
Travelin' down this lonesome road  
I'll be rollin' with the flow  
Goin' where the lonely go
