

## I've Got A Darlin' (For A Wife)

Merle Haggard

I don't care if I never find that pot of gold  
Cause I've got a darling to hold  
And she don't care if I never make it big in life  
Cause I've got a darling for a wife.

She's everything a man could want a girl to be  
And I just can't believe that she belongs to me  
And I'll live every day to hold her close at night  
I've got a darling for a wife.

She's everything a man could want a girl to be  
And I just can't believe that she belongs to me  
And I'll live every day to hold her close at night  
I've got a darling for a wife...
