

# Montego Bay

Merle Haggard

I showed her most of Tennessee that's all I could afford  
I even thought of stealing so I could show her more  
But she never did seem happy and I often heard her say  
Hey, I like it here but I love Montego Bay.

Oh, I should have gone with her at least I wouldn't know  
What about Montego Bay that makes it pull so strong  
All I've got's old mem'ries of the way she used to say  
Hey, I like it here but I love Montego Bay.

Why couldn't I convince her, why couldn't I make her see  
There's no way Montego Bay needs her more than me  
When she left she seemed so happy I can still hear her say  
Hey, I like it here but I love Montego Bay.

Why couldn't I convince her, why couldn't I make her see  
There's no way Montego Bay needs her more than me  
When she left she seemed so happy I can still hear her say  
Hey, I like it here but I love Montego Bay...
