

My Life's Been Grand

Merle Haggard

My life's been grand
I been a hand at livin' it up all the way
I've had good times and bad times
And hard times and done time
But life's been a blessing every day.

My life's been grand
You know I'd write home and tell 'em
But they wouldn't believe
How good my good luck's been
And if it ended today
Hell, I've been all the way
My life's been grand.

My life's been grand
I'd know I'd write home and tell 'em
But they wouldn't believe
How good my good luck's been
And if it ended today
I've been all the way
My life's been grand.

My life's been grand...
