

The Downside

Merle Haggard

Yes I'm free to go somewhere and find somebody new
Oh, but the downside is I'm still in love with you
Yes it's true, you have the right to hurt me like you do
Oh, but the downside is I'm still in love with you

Since we been apart there's been other girls I've known
The downside is the other girls don't turn me on
Yes I'm free to go somewhere and dance the whole night through
The downside is I wanna dance with you
Oh, but the downside is I'm still in love with you
