## This Is the Song We Sing

## Merle Haggard

This the song we sing this is the song we sing Today it's unfair to say let me do my thing I have no ax to grind cause I keep myself in line I'm right the world is wrong this is our song.

There may be some children who'll search for a name And wonder why mom doesn't know
But when we have a way of forgetting with time
A good time we had long ago.

This is the song we sing this is the song we sing Today it's unfair to say let me do my thing I have no ax to grind cause I keep myself in line I'm right the world is wrong this is our song.
