## **Yellow Ribbons**

## Merle Haggard

Go tie a yellow ribbon round the old oak tree
And proudly wave Old Glory above the enemy
Tie yellow ribbons everywhere the sweethearts threw away
Then go tie a yellow ribbon on the garden gate

Then kneel down on your knees there in the garden And pray for all the soldiers gone to war Pray God to bless America for doing what we dare Then go tie a yellow ribbon in your hair

Go tie a yellow ribbon in your hair So folks around the world will know you really care Pray God to bless America for doing what we dare Then go tie a yellow ribbon in your hair

Go tie a yellow ribbon in your hair So folks around the world will know you really care Pray God to bless America for doing what we dare Then go tie a yellow ribbon in your hair
