

# Spinning

Merril Bainbridge

My sentiment will bore you, senseless I know  
But, I've got to tell you something  
I want to be a satellite to your world  
Spinning in the universe

When all the pleasures in heaven are yours  
You can take what you want from me  
You got me spinning around you  
You got me spinning around you

Look at me  
I'm a bony bit of skinny confidence  
But that might be my photograph

From the top of the highest peak you can watch me  
Spinning in the universe

When all the pleasures in heaven are yours  
You can take what you want from me  
You got me spinning around you  
You got me spinning around you

My sentiment still bores you, senseless I know  
But I've got to show you something I found  
Here's a photo of an astronaut  
And there's you and me, spinning in the background

Ten million ways, I've tried to get into heaven  
But they always chase me out again  
And God says, I'm wasting my time  
And he knows, I haven't got a lot of time

When all the pleasures in heaven are yours  
You can take what you want from me  
You got me spinning around you  
You got me spinning around you  
You got me spinning around you  
You got me spinning around you
