

# Never Meet Your Heroes

Mesh

Anticipation

All those years of waiting  
You don't know why you want it  
Just some confirmation  
You didn't think it through  
Or it wouldn't be about you  
You don't have time for respect  
It has to be what you expect

So you got to this place  
And they can see the disappointment  
Written clear across your face  
I'm telling you  
Because I've done it too  
Never meet your heroes

It's the only constant  
In a life that changes  
Every single chapter  
They're on all your pages  
It's just too much to hope  
That you'll both enjoy the joke  
But the moment's come and gone  
And everything is oh so wrong

So you got to this place  
And they can see the disappointment  
Written clear across your face  
I'm telling you  
Because I've done it too  
Never meet your heroes

So you got to this place  
And they can see the disappointment  
Written clear across your face  
I'm telling you  
Cause I've done it too  
Never meet your heroes

Because they're just like me and you

You know it's alright, it's alright to dream  
Dreams are all we have  
You know it's alright, it's alright to dream  
Dreams are all we have

So you got to this place  
And they can see the disappointment  
Written clear across your face  
I'm telling you  
Because I've done it too  
Never meet your heroes  
Because they're just like me and you

You know it's alright, it's alright to dream  
Dreams are all we have  
You know it's alright, it's alright to dream

Dreams are all we have
