

# Running Away

Mest

It seems we're getting closer to the end  
How much more can you hold on  
Time and time I've tried to just pretend  
Look in your eyes but you're so gone

And now my world is broken  
The one that made me lost it all  
With every day that's passing  
The further that I watch you fall

Even if your heart is broken  
Even if the lies are spoken  
I need you in my life and I hope that you see  
You gotta stop running away

You gotta stop running away  
You gotta stop running away  
You gotta stop running away

Every day I'm questioning is this  
Our last or will things change  
Been with you my whole life you're all I know  
But everything now feels so strange

I feel me slowly let go  
From the only thing I've known  
I hide the pain I won't show  
You're somewhere out there all alone

Even if your heart is broken  
Even if the lies are spoken  
I need you in my life and I hope that you see  
You gotta stop running away

You gotta stop running away  
You gotta stop running away  
You gotta stop running away

I can't stand back and watch you fall apart  
Wish I could have saved you from the start  
I can't stand back and watch you fall apart  
Wish I could have saved you from the start

You gotta stop running away  
You gotta stop running away  
You gotta stop running away

Even if your heart is broken  
Even when the lies are spoken  
I need you in my life and I hope that you see  
You gotta stop running away

You gotta stop running away  
You gotta stop running away  
You gotta stop running away
