

Black Desert Demon

Metal Inquisitor

I can listen, listen to cries
Listen to: everyone lies!
You'll believe, believe in sweet glistening
When the moon's rising tonight

Never walking alone
Desert Demon alive, Desert Demon arrive

He prays loud: „absolve me from sins”
I beg you: salvation to him!
Tell me, the croak of the starling
I have to start the wrathful fight

Never walking alone
Desert Demon alive, Desert Demon arrive

I can listen, listen to cries
Listen to: everyone lies!
You'll believe, believe in sweet glistening
When the moon's rising tonight

Never walking alone, never walking alone
Desert Demon alive, Desert Demon arrive
