

Scent of Fear

Metal Inquisitor

Demons here, call the beasts - occultation's near
Abandoned land, devil's waste, home of all our fears
Devastation, crawling horror, no one's call to hear
Silent scream, death mask leers, one thousand and a year

Dying, praying, time for...

Hell - scent of fear
Smell - scent of fear

Iron hand, pushing down - the purgatory's gate
Horsemen ride, fire bursts, the price of all that hate
Dark creation, painful terror, seven deadly sins
Farewell to the easy life - Satan's daily grin

Dying, praying, time for...

Hell - scent of fear
Smell - scent of fear

Demons here, call the beasts - occultation's near
Abandoned land, devil's waste, home of all our fears
Devastation, crawling horror, no one's call to hear
Silent scream, death mask leers, one thousand and a year

Dying, praying, time for...

Hell and fear - thick as thieves
Scent of fear - pitch and sulfur
Burning tears - on your knees!
Scent of fear - die and conquer!
