

# Full Moon

Metalite

Sitting in a corner all alone  
Staring from the bottom of his soul  
Watching the night come in from the window, window

It'll all collapse tonight  
The full moon is here again  
In sickness and in health  
Understanding so demanding  
It has no name, there's one for every season  
Makes him insane to know

Running away from it all  
"I'll be safe in the cornfields," he thinks  
Hunted by his own  
Again he feels the moon rising on the sky

Find a barn which to sleep in, but can he hide any more?  
Someone's at the door, understanding too demanding  
Can this be wrong? It's love that is not ending  
Makes him insane to know

She should not lock the open door  
(Run away, run away, run away)  
Full moon is on the sky and he's not a man any more  
Sees the change in him but can't  
(Run away, run away, run away)  
See what became out of her man  
Full moon

Swimming across the bay  
The night is grey, so calm today  
She doesn't wanna wait (She doesn't wanna wait)  
"We've gotta make the love complete tonight"

In the mist of the morning, he cannot fight anymore  
A thousand moons or more, he's been howling  
Knock on the door, and scream that is soon ending  
Mess on the floor again

She should not lock the open door  
(Run away, run away, run away)  
Full moon is on the sky, and he's not a man any more  
Sees the change in him but can't  
(Run away, run away, run away)  
See what became out of her man  
Full Moon

She should not lock the open door  
(Run away, run away, run away)  
Full moon is on the sky, and he's not a man any more  
Sees the change in him but can't  
(Run away, run away, run away)  
See what became out of her darling man

She should not lock the open door  
(Run away, run away, run away)  
Full moon is on the sky, and he's not a man any more

Whoa, whoa  
See what became out of her man  
Full Moon
