Metalite

Night or Day, the Light doesn't matter  
Pleasure or Pain, it's always a Battle  
Kill or be killed  
The Choice that you got is your own

The Wind and Sky, always together  
Private Eye, tougher than Leather  
The Stars above  
Will help you to guide you the Way

The urban Warrior, the Fighter you will meet  
Brings the Justice back, brings the Justice to the Streets

Wooooaaawooooooooo

This is the Life of our warrior  
Running through the neon Lights, a Warrior  
For Life in Glory, he will conquer all  
Always finds a way, through the Masquerade of Time

The Concrete Maze, he'll never surrender  
Hard as Stone, brings you the Power  
Leaving the Light and enters the Danger Zone

A righteous Hero in the concrete he will be  
Brings the Justice back, brings the Justice to the Streets

Wooooaaawooooooooo

This is the Life of our warrior  
Running through the neon Lights, a Warrior  
For Life in Glory, he will conquer all  
Always finds a way, through the Masquerade of Time

DANGER!  
FREEDOM!

This is the Life of our warrior  
Running through the neon Lights, a Warrior  
For Life in Glory, he will conquer all  
Always finds a way, through the Masquerade of Time
