

# Mindless

Metalium

Creating power madness  
Claws reach out for me  
They spread their truth, won't set me free

"Vengeance" they scream and shout loud  
Fight their battle to win  
Someday they'll all pay for our sins  
They spread their truth, won't set me free

We're raised to eat the madness  
Believe it  
Can't get enough - they can not get enough - get enough  
And in the end they'll seal your fate

Mindless  
Forever despised and revealed  
Eternal  
Eternal lies  
Mindless  
Their hands try to reign destiny  
Honesty  
Honesty dies in vain

A sign of persecution  
Evil's all around  
The demon's hands push you to the ground

They know that we're so helpless  
Possess us  
And in the end we're all gonna pay

Mindless...

Mindless...

Demons, Demons, Demons, Demons hands push you to the ground
