

Pain Crawls in the Night

Metalium

All the gifts the gods bestowed upon the first born one.
Skill and beauty, thieving nature, brighter than the sun.
Made of earth and water, punishment to all mankind.
Don't you dare to look, WATCH OUT! Evil's inside.
Oh, you've got to beware.
YOU'VE GOT TO BEWARE.
Oh, all the evil's in there, despair!
Pain will see the light.
Doom set free tonight.
Hope and healing hides.
Pain crawls in the night.
She got warned "you better never dare to look inside!"
.. Curiosity was stronger, as horror hit her eyes.
Greed and sickness were released to spread over the land.
No longer human fate, in Pandora's hands.
Oh, you shouldn't have dared.
YOU SHOULDN'T HAVE DARED.
Oh, now the evil is there, despair!
Pain will see the light.
Doom set free tonight.
Hope and healing hides.
Pain crawls in the night.
Pain crawls in the night.
