

# Straight into Hell

Metalium

Don't you ever call my name  
Rotten lies and brain insane  
False intentions twisted mind  
Just beware, Im not so blind

Your inner core, you can't deny  
You're your own reason to stand in your way  
WAY  
Action speaks louder, there's no more to say

HELL,HELL,HELL  
Straight into hell in deepest night  
DEEPEST NIGHT, DEEPEST NIGHT  
Just beware, I'm not so blind  
HELL,HELL,HELL  
Honour you sold without a sight  
DEEPEST NIGHT, DEEPEST NIGHT  
it's so plain to see  
all hope is lost, in mental frost  
roast for your rotten lies and die

Don't you ever stand in my way  
Just walk on and make my day  
Identity is what you'll lose  
Your own mirror soon tells you the truth

Your inner core, you can't deny  
You're your own reason to stand in your way  
WAY  
Action speaks louder, there's no more to say

HELL,HELL,HELL  
Straight into hell in deepest night  
DEEPEST NIGHT, DEEPEST NIGHT  
Just beware, I'm not so blind  
HELL,HELL,HELL  
Honour you sold without a sight  
DEEPEST NIGHT, DEEPEST NIGHT  
it's so plain to see  
all hope is lost, in mental frost  
roast for your rotten lies and die  
HELL,HELL,HELL  
Straight into hell in deepest night  
DEEPEST NIGHT, DEEPEST NIGHT  
Just beware, I'm not so blind  
HELL,HELL,HELL  
Honour you sold without a sight  
DEEPEST NIGHT, DEEPEST NIGHT  
it's so plain to see  
all hope is lost, in mental frost  
roast for your rotten lies and die  
and die
