

ManUNkind

Metallica

Chaos,
Awaiting for Adams return
Madness,
Smiling as we watch it burn

I've become

Hostage to my mind
Left myself behind
Blind lead blind
Quest to find
Faith in man(un)kind

Garden,
Of Eden, so simple and pure
Greedy,
Needy, must we have more

I've become

Hostage to my mind
Left myself behind
Blind lead blind
Quest to find
Faith in man(un)kind

Fascinate
Partner of insanity
Decimate
Lessons we never learn

Dominate
Killing of the innocence
Deviate
And to dust you return
Yeah

Seized by the day
Frozen captive by the night
Seized by the day
All the dark days of your life

Seized by the day
Frozen captive by the night
Led so astray
All the dark days of your life

Zero,
Reset, creation of man
Foolish,
Ready, to witness again?

I've become

Hostage to my mind
Left myself behind
Blind lead blind

Quest to find
Faith in man(un)kind

Faith in man(un)kind
Oh, faith in man(un)kind
Faith in man(un)kind
Oh, faith in man(un)kind
