

# One

Metallica

**Bm** **Gmaj7**  
I can't remember anything,  
**Bm** **Gmaj7** **D5/A**  
Can't tell if this is true or dream,  
**Bm** **D/A**  
Deep down inside I feel to scream,  
**Gmaj7** **E5** **F#5**  
This terrible silence stops me.

**Bm** **Gmaj7**  
Now that the war is through with me,  
**Bm** **Gmaj7** **D5/A**  
I'm waking up I can not see  
**Bm** **D/A**  
That there's not much left to me.  
**Gmaj7** **E5** **F#5**  
Nothing is real but pain now!

**B5** **A5** **B5**  
Hold my breath  
**A5** **G5F#5** **B5** **A5** **B5** **C#5**  
as I wish for death,  
**B5** **A5** **D**  
Oh please god, wake me!

**D** **G** **F** **Em** (2x)

**Bm** **Gmaj7**  
Back in the womb its much too real,  
**Bm** **Gmaj7** **D5/A**  
In pumps life that I must feel,  
**Bm** **D/A**  
But can't look forward to reveal,  
**Gmaj7** **E5** **F#5**  
Look to the time when I'll live.

**Bm** **Gmaj7**  
Fed through the tube that sticks in me,  
**Bm** **Gmaj7** **D5/A**  
Just like a wartime novel - ty,  
**Bm** **D/A**  
Tied to machines that make me be,  
**Gmaj7** **E5**  
Cut this life off from

**B5** **A5** **B5**  
Hold my breath  
**A5** **G5F#5** **B5** **A5** **B5** **C#5**  
as I wish for death,  
**B5** **A5** **D**  
Oh please god, wake me!

**D** **G** **F** **Em** (4x)

**G5** **A5** **B5** **A5** **G5**  
Now the world is gone,  
**F#5** **B5** **A5** **B5** **C#5**

I'm just one.

**B5 A5 B5 C#5**

Oh god, help me.

**B5 A5 B5**

Hold my breath

**A5 G5F#5 B5 A5 B5 C#5**

as I wish for death,

**B5 A5 D**

Oh please god, wake me!

**E5**

Darkness imprisoning me

**F5**

All that I see, absolute horror!

**E5**

I cannot live! I cannot die!

**F5**

**E5**

Trapped in myself, body my holding cell!

**E5**

Landmine has taken my sight,

Taken my speech,

**F5**

Taken my hearing,

**E5**

Taken my arms,

Taken my legs,

Taken my soul,

**F5 E5**

Left me with life in hell!
