

Tonight

Method Man

Tonight, tonight
Is the night, the night

All I need is one night, one flight
For that forbidden fruit just one bite
Got Twitter fingers only for one type
I'm unlike these F boys but this one mic
Get one like, pardon my Mobb Deep, she done right
Hun tight, caught in my gun sight
One snipe, she done like why did you bring a knife to a gunfight
I'm nice, I'm like Little Caesars in life
I got extra cheese and pizza, give Mona Lisa a slice
Yeah, get it, 'cause I'm so Slick Rick wit it
We quit it, I patch it up and tell you Slick Rick did it
We live it and laugh it up, plus I'm hot too litted
Consider hiding your plate when I ha-too spit it
Admit it, my gab gifted 'cause I'm too quick wit it
No limit on my commitment like some glue stick wit it
Me and my misses hugs and kisses, we just different
Traces of lipstick, we can escape and just kick it

Tonight, tonight
Is the night, the night
Can't no drama come my way
Tonight I'm gonna celebrate
Tonight, tonight
Is the night, the night
Tonight I'm letting go
It's my life, I'm in control

All I need is one night, one night

Take my heels off, let my hair down
Take just a minute, breathe in, breathe out
It's been a long week, all work, no play and no sleep
Tonight I'm gonna, gonna do me
It's the weekend and I'm in my zone
Tonight I'm not tryna be home alone
Just freshened up, hopped out the tub
Ladies free all night at the club
Smelling real good, slip my outfit on
Any little stress that I had is gone
Tonight I'm going out with a couple of friends
And we gonna get it in to the party ends

Tonight, tonight
Is the night, the night
Can't no drama come my way
Tonight I'm gonna celebrate
Tonight, tonight
Is the night, the night
Tonight I'm letting go
It's my life, I'm in control

I can feel the magic in the air tonight, oh ohh
It's just something bout this moment that feels so right
Oh ohh

I can feel
I can feel the magic in the air tonight
It's just something, it's just something 'bout this moment that feels so right
Feels so right, oh ohh
Tonight

Tonight, tonight
Is the night, the night
Can't no drama come my way
Tonight I'm gonna celebrate
Tonight, tonight
Is the night, the night
Tonight I'm letting go
It's my life, I'm in control

Tonight, tonight
Is the night, the night
Can't no drama come my way
Tonight I'm gonna celebrate
Tonight, tonight
Is the night, the night
Tonight I'm letting go
It's my life, I'm in control

Tonight
(I can feel the magic in the air tonight)
