

# All I Wanna Do

## Methods Of Mayhem

Its on my lips I can taste it you got me all wet  
I feel the sweat drippin' down the back of my neck  
Its getting late now so shut up and take off your clothes  
Put the lights up bright so we can see where it goes

All I wanna do girl...all I wanna do  
All I wanna do girl...is have sex  
All I wanna do is you

Put your face down that ass up your dirtiest pose  
I'm thinkin' deep penetration as you gimme a show  
Had enough just can't take it we're movin too slow  
Cuz' you're a love volcano getting' ready to blow

All I wanna do girl...all I wanna do  
All I wanna do girl...is have sex  
All I wanna do is you
