

Poison Peach

Methyl Ethel

Why do you lie to me
This isn't easy
But I'm sure
That you
Agree

You say baby
I don't need
To make
A sound

I say no way
Just to
Complain

Can you feel the safety
It's baring me
Can you feel the safety

You were acting like a poison peach
Its juices dripping down
Down my cheek

You were acting like a poison peach
The juices dripping down
Down my cheek

You were acting like a poison peach
The juices dripping down
Down my cheek

You were acting like a poison peach
The juices dripping down
Down my cheek

Now I'm beginning to understand
It goes in all the ways
Without as we planned

Can you feel the safety
It's baring me
Can you feel the safety

You were acting like a poison peach
Its juices dripping down
Down my cheek

You were acting like a poison peach
Its juices dripping down
Down my cheek

You were acting like a poison peach
Its juices dripping down
Down my cheek

You were acting like a poison peach
Its juices dripping down

Down my cheek

You were acting like a poison peach
Its juices dripping down
Down my cheek

You were acting like a poison peach
Its juices dripping down
Down my cheek

You were acting like a poison peach
Its juices dripping down
Down my cheek
