

# Proof

Methyl Ethel

What can you see?  
See I've been barely taking notice  
What can you see now?

What can you see?  
My head is heavy, I've had awful dreams  
What can you see now?

I've got numbers  
To clear things up for you  
I've got numbers  
To clear things up for you  
I've got numbers  
To clear things up for you  
Take a chance on proof  
If you want to, want to, want to, want to  
If you want to, want to, want to, want to

What can you see?  
The snow is burning, seems important  
What can you see now?

What can you see?  
Sign language, one hand in the pocket  
What can you see now?

I've got numbers  
To clear things up for you  
I've got numbers  
To clear things up for you  
I've got numbers  
To clear things up for you  
Take a chance on proof  
If you want to, want to, want to, want to  
If you want to, want to, want to, want to

What can you see?  
Feet walking circles in the carpet  
What can you see now?

What can you see?  
See foreign movies, who's foreign?  
It depends

I can sing a real serenade  
What can you see now?  
People walking backwards every day  
What can you see now?

I've got numbers  
To clear things up for you  
I've got numbers  
To clear things up for you  
I've got numbers  
To clear things up for you  
Take a chance on proof  
If you want to, want to, want to, want to

If you want to, want to, want to, want to

I've got numbers

To clear things up for you

I've got numbers

To clear things up for you

I've got numbers

To clear things up for you

Take a chance on proof

If you want to, want to, want to, want to

If you want to, want to, want to, want to
