

Summer Moon

Methyl Ethel

Should I dress like you, cardinal?
Should I dress like you, even so?
Should I dress like you, cardinal?
Not the best idea, even though

I don't think it'll make me feel better
I don't think it'll help me feel anything
But if I open it for you, cardinal
Should I dress like you, even so?
Should I push back too, cardinal?
I won't go this time

And if it makes you feel better
If it helps you feel anything else but this

At all, at all
At all, at all
At all, at all
At all, at all
At all, at all

And if it makes you feel
Anything better than this
