## Metro Boomin

And it hurt me to say it (This beat is so, so Metro)  
It really hurt me to say it (Southside, Southside, Southside)  
I can find a million Future clones all around the world (Yes)  
I don't think there is any rapper that has influenced culture (I agree)  
And music (I agree)  
More than Future over the last decade (It's, it's)  
I think Future had influence, people want to be Future (Mmm)  
People want to sound like Future  
It's wild to me that we don't-  
It's not a big three, it is a fantastic four  
And Future is in that (This beat is so, so Metro)  
You can put him, you-, he might be two, huh, three  
He might-can even be number one
