Showin' off the millennium flow, spill over flow
Loadin' up the bag, clearport, hop in the Porsche
Yacht-sailin' in Christian Dior, head to the floor
Gunplay is all out of order, keep a revolver
Pop out, ain't no limitations, no limitations
Rock star, ain't no hesitation, no hesitation
Step all over your face, high definition
Trap stars, way over the basic, super terrific
I ain't nothin' like you cap niggas (Pluto)
On a fifty-passenger, tryna take eighty bitches
If we made love in the sky, then it's meant

Bentayga cloth blanket, take a nap on a jet (Yeah)
Cash in my duffel, got a bad bitch possessed
Spill, make a mess (Spilled and a mess)
Have a threesome on ecstasy (Woo)
Bag talk, everything else irrelevant
Show dedication, never show you desperate
Saint Laurent furniture, Saint Laurent dices
Give me my conscience, just take away my vices
Goin' to another continent, ain't been to sleep once
Evel Knievel, I pull my own stunts
Saint-Tropez, eat by the ocean for lunch
Got high and forgot the funeral, more love for my aunt
I'd have been there, tell the truth, I hate whatever I was on
This money ain't gon make up for nothin'
Get ready every day like I'm dressin' up for a photo
Tonight, I pop out, my bitch steppin' out in Manolo

I'm not your ordinary trap nigga
Diamonds last forever
