Don't stop dancing

Diamonds dancing, pull up in a Mansory
That's her best friend, behind her like a hype man
Got me hypnotized, I like when she do that right now
I don't even care about hoes, but I'm keeping her to myself
She want G6 pieces, wash it down with liquor
She don't wanna never go home, it's 7am and we still up
She already know what I'm on, that demon inside of that red cup
And she go both ways, don't play, you'll get your bitch fucked

Don't stop dancing (Don't stop)
Don't stop dancing (Don't stop)
Don't stop dancing (Don't stop)
Don't stop dancing (Don't stop)
Don't stop dancing (Don't stop)

Girl I love the way you be movin'
Don't stop dancing (Don't stop dancing)
Girl I love the way you be movin' (Don't stop dancing)
Don't stop dancing (Don't stop dancing)

I feel your energy when you stand next to me
The way you move your body, girl, you get the best of me
Forget about your fears and all of your anxiety
The thrill I get from you make me forget sobriety
