I'ma slide anytime you want
Put you in Chanel, I'ma teach you how to stunt (21)
Slip and slide like a waterfall
You need some TLC, we can creep if you want (21)

Ayy, turn your phone off, take your clothes off (21)
I'm a savage, but I fuck her to a slow song (21)
Turn the lights down (21), lay the pipe down (21)
I ain't Mr. Right, but I'm Mr. Right Now (Straight up)

If you cool with it, baby, she can still play
While I jump inside that box and have a field day

And my goal is to get you to the finish line
I seen good movies end bad plenty times
So let me finish strong, girl
