

# California

## Metro Station

If I strum chords  
Would you sing a song with me?  
If I leave town  
Would you leave along with me?

And we could fly away  
To outer space  
Or we could find a way  
To leave this place

We don't need a map  
And you can throw your phone away  
We don't wanna hear  
The things you know they're gonna say

You don't trust yourself  
But girl trust me  
Don't look in the mirror  
The past you don't wanna see

What do you say we leave for California?  
If we drive all night, we can make it by the morning  
And, no one has to know if we decide to go, oh  
What do you say we leave for California?

If we leave our friends  
Then we could be together  
We could leave this town  
If only for the weather

I could drive  
And you could sleep  
While the radio collides  
To the sound of our heartbeats

What do you say we leave for California?  
If we drive all night, we can make it by the morning  
And, no one has to know if we decide to go, oh  
What do you say we leave for California?

Hypnotized, by the carbon monoxide  
Would turning back, be a good idea?  
Cigarette after cigarette  
Cannot help to calm your fear

Now, I'm still driving  
Just keep sleeping  
We'll keep moving  
But I'm not leaving  
No, I'm not leaving

What do you say we leave for California?  
If we drive all night, we can make it by the morning  
And, no one has to know if we decide to go, oh  
What do you say we leave for California?

What do you say we leave for California?

If we drive all night, we can make it by the morning  
And, no one has to know if we decide to go, oh  
What do you say we leave for California?

What do you say we leave for California?  
If we drive all night, we can make it by the morning  
And, no one has to know if we decide to go, oh  
What do you say we leave for California?
