My Heart Rate Rapid

Metronomy

What's she gonna do, rate, my friend?
What's she gonna do, rate?
What's she gonna do, rate, my friend?
What's she gonna do, rate?

Those who doubt it
Show, I've got it
I'm gonna tell her with my heart rate rapid
It might be love
It might be love
It might be love
It might be love
It might be love

Those who doubt it
Show, I've got it
I'm gonna tell her with my heart rate rapid
It might be love
It might be love
It might be love
It might be love
It might be love

What's she gonna do, rate, my friend?
What's she gonna do, rate?
What's she gonna do, rate, my friend?
What's she gonna do, rate?

Those who doubt it
Show, I've got it
I'm gonna tell her with my heart rate rapid
It might be love
It might be love
It might be love
It might be love
It might be love
It might be love

It might be love
It might be love
