

## Never Wanted

Metronomy

Never wanted, never needed  
You said, honey, best be leaving  
If you want, I'll pack a bag  
Foreign money in your hand  
In your hand baby

Tube of tooth paste, facial cleanser,  
Bar of soap and moisturizer

But it gets better  
But it gets better

Never wanted, never needed  
You said, honey, how you feeling?  
Hotel pillows, worth a try  
If you want me, swing on by  
Swing on by baby

Mini bar with many choices ,  
Bedside table, distant voices

But it gets better  
But it gets better

Does it get better?  
Does it get better?  
Does it get better?

Never wanted, never needed  
You said honey, best be leaving  
If you want, I'll pack a bag  
Foreign money in your hand  
In your hand baby
